

OFFICIAL 2026 EDITION

Turnkey Climate Solutions & Equipment Catalog

Authorized Global Supplier of SEER2 & ErP Certified Commercial
Chillers, VRF Systems, and Residential Heat Pumps across the
US, UK, and Canada.

How Our Turnkey Ecosystem Operates

From initial facility thermal auditing to direct equipment delivery and 24/7 emergency dispatch, our end-to-end framework guarantees absolute operational continuity.

01

Facility Assessment & Load Calculation

Precision evaluation of square footage, thermal loads, and regional climate regulatory requirements.

02

SEER2 & ErP Equipment Matching

Selecting high-efficiency inverter compressors and eco-friendly refrigerants customized for your property.

03

Secure Global Logistics & Express Dispatch

Turnkey shipping straight to commercial construction sites or residential addresses across North America and the UK.

04

Certified Commissioning & AMC Support

Continuous IoT monitoring, 24/7 technical dispatch, and comprehensive factory warranty backing.

High-Efficiency Equipment Matrix

Explore our top-tier catalog engineered to meet rigorous international environmental standards and energy directives.

EQUIPMENT SERIES	IDEAL APPLICATION	KEY SPECIFICATIONS	ENERGY RATING
AX-Commercial Chiller	Multi-story offices, malls, industrial hubs	Modular scroll compressors, smart IoT diagnostics	SEER2 Ultra-Tier
VRF Inverter Pro	Luxury commercial & large estates	Multi-zone independent airflow, ultra-quiet operation	High-COP Saver
Air-Source Heat Pump	Cold-climate residential & light commercial	Sub-zero sub-freezing heating performance (-25°C)	A+++ Grade
Smart Air Handlers	Ducted commercial complexes	HEPA filtration, UV-C sanitization modules	Variable Speed

Why Industry Leaders Partner With Us

We deliver uncompromised quality, backed by enterprise-grade warranties and dedicated engineering experts.

✦ Key Enterprise Offers

- **Unbeatable Bulk Value Packages:** Tailored pricing tiers for contractors and facility owners.
- **Full Factory Warranty:** Comprehensive parts replacement and compressor protection.
- **24/7 Rapid Emergency Support:** Certified technicians ready to dispatch globally around the clock.
